

Dear Sirs:

Don't displace K-LOVE on the airwaves or make it any harder to receive in our area!! We need a family centered station in our community so I don't have to worry about what kids may hear or have to subject myself to mindless and demeaning DJ patter on other stations. Plus I am able to listen to K-LOVE when I travel around the country and not feel lost or far away from loved ones!! To be able to worship with others whenever I want or need is an added blessing I cannot do without! Please don't displace K-LOVE on our airwaves!!!!!!!!!!!! Thank you!
